This Term's Value ...

I would like to start this week, with a thank you to those who very kindly took time to complete our parent/carer questionnaire as we continue to evaluate the impact of our work. Outcomes will be analysed by the school's leaders, including governors when they meet, before being shared with you.

This week we have received our final visit of the academic year from our school effectiveness advisor (SEA) and we are looking forward to receiving her findings in the coming weeks which I will share with you upon receipt. Helena Marks-Dwyer, Vice Chair of our Governing Board, also joined us, and we are looking forward to welcoming her back together with all members of our Board next week for their annual Strategy Day. The opportunity for others to join the governing team still remains. Please do get in touch with us if you would like to find out a little more about the role...

Year 4 Multiplication Check

A huge well done to all members of Year 4, who have now each completed the Multiplication Times Tables Check (MTC) with both positivity and a determination to showcase their knowledge.

Lost Property

We have an ever growing number of unnamed and unclaimed uniform and coats. Please do let us know if you need any help in finding and returning any lost items.

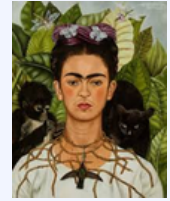

A Focus On ... Art Day

Year 3 experimented with creating artwork in the style of Joan Miro, a Spanish Catalan artist, famous for combining abstract art with surrealism. He worked in a variety of media and produced paintings and drawings, collages, murals, tapestries, and sculptures. The artwork produced by Year 3 was wonderfully bright and colourful.

Year 4 investigated the work of Alma Thomas, a famous African-American artist, who was best known for making abstract art. Her paintings were bright and colourful and were influenced by the natural world. The children produced beautiful artwork inspired by her.

Year 5 researched Frida Kahlo, a Mexican artist, considered to be one of the most important artists of modern times. She was famous for painting self-portraits but she was particularly famous for painting women as strong people. They thoroughly enjoyed making their portraits as bright and colourful as possible.

Year 6 examined a number of famous graffiti artists including Banksy, a graffiti artist best-known for his stencil designs and Keith Haring, an American artist known for his pop art and street art. They have worked hard to produce their names and positive messages using the graffiti style
